TO FIND A NAME YOU MUST KNOW HOW TO SPELL IT.

A Directory, in its very inception, is imperfect. Changes of abode are so constant, it would be necessary to print a weekly report of the removals to keep it correct, but there is a class that are not migratory, and we presume we have them correct. That in it errors and omissions will be found, is admitted, for every man becomes a critic, and many censure when the fault is with themselves.

The City has been thoroughly canvassed. Some who refused their names will be surprised to find them inserted.

Much care has been taken in the compilation of the BUSINESS DIRECTORY, to get every business man in his proper place. It is not the object of a Directory to advertise merchants and their commodities, but to direct every person how to find a resident. The BUSINESS DIRECTORY belongs to that class who trade, and who make their business known, hence, they only, who patronize and support the Directory, ought to have and are entitled to its privileges, but it is in this, as in most else, those who pay the least complain the most.

To the few who had confidence in our ability to get up a reliable Directory, and have advertised with us, we feel under many obligations, and hope they will receive a return of many fold.

Special attention is directed to the APPENDIX on page LXXXI. The information concerning Government, Societies, Churches, Asylums, Institutions, and local matters generally, is more full than has ever been published in any Indianapolis Directory heretofore, a perusal of which will well repay any reader. A new list of Streets has been carefully prepared, which, in our next issue, we will improve.

A Directory, though not classed in the catalogue as *light literature*, is yet a book of infinite variety, full of *curious instruction*, and of pregnant hints at the marvels of great cities. "It is a handy thing to have in the house," indispensable in counting rooms, stores, offices, and hotels; to ladies, when going shopping, or addressing their "invitations;" to the stranger in being directed to a friend, or to the citizen hunting up some out of the way individual, whose very next neighbor may never have heard of.

Every man, if you will, in the Directory, may be the clue to a romance. It goes through the ramifications of city life; the denizens of aristocratic mansions and low alleys are mingled together, for the alphabet is inexorable; they get their position as Oliver Twist got his name, "by the order of letters;" If you should pronounce any unnatural combination of sounds that can be expressed in a dozen letters, on turning to the Directory you will find it a name belonging to somebody. Generally, the most numerous of christian names is JOHN, and of surnames, SMITH. An editor says there is an ancient tradition, he fears, of recent date, that when ADAM was naming the human family, he became fatigued as night approached, and calling the still waiting throng to him, said: "I have no more time to attend to you; you shall all be called SMITH."

Few persons are acquainted with the subject of surnames, yet it is believed that those who will take the trouble to investigate it will not find the inquiry either uninteresting or unprofitable, whether applicable to the meaning of names or the causes of their application to individuals or families. It is not sufficient for a person of inquisitive mind, that he bears such and such a surname because his father and grandfather bore it; he will naturally feel desirous of knowing why and when his ancestors acquired it. And should he be successful in arriving at some probable conclusion respecting his own, the same, or perhaps an increased degree of curiosity, will be induced in his mind as to those of others. If English surnames are remarkable for their variety, they are no less so for their number. English antiquarians are of the opinion that the whole number at present is between forty and fifty thousand, and that the nomenclature is on the increase.

English surnames may be divided into the following classes:

1. Local surnames, as *Winchester, Wood, Hill, Green.*
2. Names derived from occupations and pursuits, as *Baker, Smith, Taylor.*

3. Names derived from dignities and offices, as *King, Bishop, Lord, Earl.*
 4. Names derived from personal and mental qualities, as *Strong, Rich, Noble.*
 5. Names derived from christian names, as *Adam, Henry, George, Edward.*
 6. Names derived from natural objects, as *Star, Lyon, Bird.*
 7. Names derived from social relations, as *Child, Cousin, Brother, Friend.*
 8. Names derived from periods of time, as *Spring, Summer, Day, Winter, New, Old.*
 9. Names derived from virtues and other abstract ideas, as *Love, Hope, Wisdom.*
 10. Names derived from colors, as *Black, Brown, White, Blue.*
 11. Names of contempt, as *Trollope, Cruikshanks, Hussey.*
- There are also other classifications, oddities and changes, which we cannot notice at present.

The present Directory contains about *fifteen thousand five hundred names.* The *Smiths* retain their supremacy as to numbers. For the *curious* we subjoin the following table of the most numerous names in this Directory.

| | | | | | |
|---------|----|-------------------|-----|----------|----|
| Brown | 92 | Moore | 49 | Thomas | 33 |
| Cook | 28 | Morris | 32 | Thompson | 43 |
| Cox | 26 | Murphy | 33 | White | 39 |

| Evans | 33 | Riley | 20 | Wilson | 56 |
| Johnson | 94 | Smith and Schmidt | 137 | Wood | 37 |
| Jones | 64 | Taylor | 41 | Wright | 44 |
| Miller | 90 | | | | |

The spelling of names is a subject for the nomenclator. We have selected a few of the most prominent names in this book, to show how necessary it is to know how to spell a name in order to find it. *Abbett, Abbott, Burroughs, Burrowes, Burrows, Bush, Butsch, Connely, Connelly, Conoley, Conoly, Couly, Dickeson, Dickison, Dickinson, Ervin, Irving, Irwin, Haines, Haynes, Herman, Herrmann, Hutchinson, Hutchison, Kramer, Cramer, Kuhn, Coon, the Mac's and Mc., Neuman, Newman, Pearce, Peirce, Pierce, Pearson, Pierson, Schaefer, Schaeffer, Schaffer, Shaffer, Shay, Shea, Simons, Simmons, Simmonds, Snider, Snyder, Schneider, Spear, Speer, Spier, Steffens, Stephens, Stevens, Stewart, Stuart, Thompson, Thomson, Vogt, Voigt, Voight, Welch, Welsh, Walsh, Webber, Weber.*

The first Directory ever compiled in Indianapolis, was published by A. C. Grooms and W. T. Smith, in 1855. Mr. Grooms is still a resident of the city, and may be found at the Daily Journal Office. His book contained 264 pages, *fat* with advertisements. How different from the Directory of to-day. Its alphabetical arrangement extended to the *second* letter only, thus you had to wade through all the *Sm's* ere you were sure of finding the last *Smith.*

As statistical facts of the growth of our City, we subjoin a partial list of the Directories published, (a complete file cannot be found.) with an approximation to the number of names in each.

| | | |
|-------|--|--------------|
| 1855. | Grooms & Smith, publishers | 2,250 names. |
| 1860. | Sutherland & McEvoy, publishers | 5,400 " |
| 1861. | James Sutherland, publisher | 7,000 " |
| 1862. | Dodd, Talbott & Parsons, publishers | 6,000 " |
| 1863. | H. H. Dodd & Co., publishers | 7,500 " |
| 1864. | Buell & Williams, publishers | 6,750 " |
| 1865. | Hawes & Co., publishers | 8,600 " |
| 1866. | Edwards, Greenough & Deved, publishers | 12,500 " |
| 1867. | Edwards & Boyd, publishers | 15,500 " |

Taking the customary average of names in the Directory, as a basis, the present issue would give a population of *sixty thousand* inhabitants in the City. Were we supported as other publishers have been, we would give statistics of our City invaluable to every citizen, but we have already over-stepped our cost by far, the order of the day being to take all but give none. This rule we have reversed, relying on our present work as an advertisement for our future.

The compiler, Wm. H. Boyd, tenders his personal thanks to kind friends for their assistance, and hopes another year to be more familiar with his fellow-citizens.

TAX LAW.

The following important provisions of the new Internal Revenue Law are published for the information of our readers:

Every person, whether liable to taxation or not, must report, and it will be no excuse that they did not receive any notice. Assessments will be made on failure to report, and payments will be enforced as on judgments by default against all who fail to report on or before the first Monday in May of each year.

The penalties are twenty-five per cent. additional for all failure to report, and one hundred per cent. for false return; \$1,000 fine and one year's imprisonment for false return or failure to obey asses-or's summons (sec. 14 and 15), for doing business without license, \$500 fine and two years' imprisonment (sec. 73), for failure to report, forfeiture of goods, etc.

INCOME TAX.

Incomes must be given in detail, as per schedule, which is not open to public inspection, and must be sworn to, and are subject to two rates of tax, 5 per cent. on all incomes over \$600, and not exceeding \$10,000, 10 per cent. on excess over \$10,000. Thus on \$10,000 net income the tax is \$720; on \$20,000, \$1,720. Income from U. S. Securities and all other sources, and from any part of the world, of all persons residing here, whether citizens or not, and all citizens residing abroad, all profits from business, rent, net profit from real estate purchased within the year, stocks or other property, interest accrued if collectable, and all shares of gains in companies, etc., whether divided or not, etc., etc., are all alike taxable. Income in gold must be reported in currency value. The income is for the year 1864 from January 1st, to December 31st, and no losses since January 1st, 1865, must in any way be deducted from the income of 1864.

THE LEGAL DEDUCTIONS FROM INCOMES.

The deductions from the income are \$600, but allowed only one in any family of parents and minor children. Amounts of tax legally withheld from dividends, etc., all national, State, county, and municipal taxes actually paid within the year; salaries over \$600 in the U. S. service, from which the tax was withheld; rent of residence actually paid within the year; interest paid on any actual incumbrance on property yielding income, expenses of ordinary repair not exceeding the average of five years, and not including improvements or betterments, such as

water rents, sewer assessments, or incumbrances on unproductive property held for increase of value. Consuls of foreign governments, not United States citizens, are exempt from tax on income from property in their own country, and from official emoluments, if their government give such exemption to our Consuls; but the carriages, plate, and income from property or business in this country are taxable. The governments giving such exemptions to our Consuls are understood to be those of [the different governments who give similar privileges to our consuls are here named] consuls of all other countries are liable to tax on their entire income, from property at home or here, and from their official emoluments.

LICENSES.

Pedlars will state whether he travels on foot or with horses, giving the number (goods forfeited if without licenses), what he sells, jewelry, or original packages of goods; pedlars must state their age, and if between 20 and 45, state where they are enrolled, or if exempted. Hotel and innkeepers state their rentals or the Assessor must estimate it (likely pretty high). Bankers state the amount of their capital. Dealers, pawnbrokers, cattlebrokers, producebrokers, auctioneers, photographers, butchers, builders, and contractors will state their estimated sales and contracts. Wholesale dealers the amount of their last year's sales. Assayers the estimated value of metals to be assayed; substitute brokers must report the number of substitutes procured and pay \$10 per head and \$100 license. All licenses given from May 1st, 1865, or the time business commences, to May 1st, 1866. All persons, except lawyers, physicians, surgeons, dentists, cattle brokers, horse dealers, auctioneers and pedlars, must transact their business or profession only at the places designated in the license, but persons moving or selling can transfer their license on application to the Assessor. For all persons, except lawyers, conveyancers, claim agents, patent agents, physicians, surgeons, dentists, cattle brokers, horse dealers and pedlars, one license will do for the firm. Every business requires a separate license, but bankers may act as brokers, horse dealers as livery stable keepers, lawyers as conveyancers and claim agents. Hotel keepers, wholesale and retail dealers, innkeepers, and eating-house keepers as tobaccoists; wholesale and retail dealers and eating-house keepers as confectioners; wholesale and

retail dealers as apothecaries, and butchers as retail dealers; distillers must give bonds.

Manufacturers of segars will hereafter be required to give a bond to comply with the law, and lottery dealers must give a bond to have their tickets stamped. After this date the general rate of tax on manufactures will be 6 instead of 5 per cent. Legacies and successions to real estate should be reported as they occur to the assessor. Manufacturers, auctioneers, brokers, slaughterers of cattle, railroad, steamboat, express

and ferry boats, insurance, telegraph companies, and banks, and managers or owners of theatres, operas, lotteries and advertisements, must make monthly and quarterly returns. Parents, guardians, trustees, executors, etc., of minors under their care (if they fail to report themselves). All returns must be sworn to, and names and residence given in full. Those proposing to change their residences during the year, will so state, with the place (if known) to which they will remove.

TO THE PUBLIC.

We beg leave to announce to our friends and the public throughout the State, that we now have the largest and best selected stock of

**PIANOS, MELODEONS,
CABINET AND SCHOOL ORGANS,
TO BE FOUND IN THE WEST.**

Having disposed of our entire stock of sheet music and small instruments, we propose to give our whole attention to the Piano-Forte business, and to make our House adequate to the increasing wants of our rapidly growing city and community, and deserving in future of the liberal patronage so generously extended to us during the past twelve years.

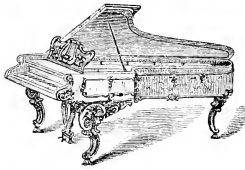

Our experience in the business has given us a knowledge of the wants of the people, and the best mode of supplying the same.

An acquaintance with the leading manufacturers of our eastern cities, and purchasing largely, gives us the advantage of the lowest cash prices, so that we can offer inducements to purchasers equal to any house east or west.

WILLARD & STOWELL.

INDIANAPOLIS, July, 1866.

THE GRAND PIANO.

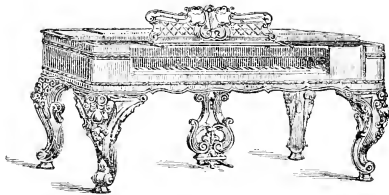

JONAS CHICKERING, the founder of the firm of Chickering & Sons, introduced the manufacture of the Grand Piano into America, and the excellence of those instruments, soon drove the Foreign Grand Piano from our concert rooms.

“How to obtain the greatest possible volume of tone without altering its charms, and at the same time to preserve its clearness and homogeneity throughout the extent of the keyboard.” was a problem that occupied the attention of European manufacturers for half a century.

Messrs. Chickering & Sons, are the only makers who have succeeded in combining all the elements so long sought after, and their Grand Piano is now the

MOST COMPLETE OF MODERN INSTRUMENTS.

PIANOS FOR THE MILLION.

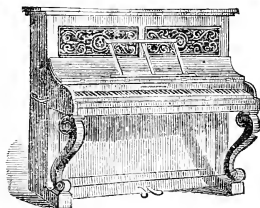

We keep constantly on hand, a good, reliable, durable Piano, well made, and fully warranted at a low price, to supply those whose means do not permit them to purchase a costly instrument.

These Pianos are seven octaves, in neat Rosewood cases of medium size, compact and beautiful form. In fact, just what the

PEOPLE WANT.

UPRIGHT PIANOS.

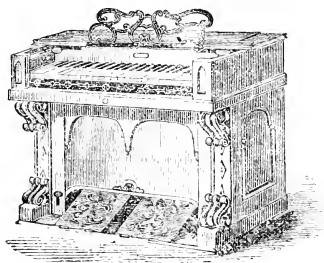

The upright Piano is the fashionable Piano of Europe.

Messrs. Chickering & Sons, have paid particular attention, by frequent and costly experiments to the manufacture of this style of Instruments. Their Upright Pianos have quality of tone and an amount of power second only to the Grand Piano. They are small, compact, well adapted to moderate sized rooms. Their action is light and elastic, and in sweetness, purity of tone, richness and equality throughout the entire scale, they are unsurpassed. We commend these beautiful instruments to all who wish to obtain a

MOST DESIRABLE AND FASHIONABLE PIANO.

ORGANS.

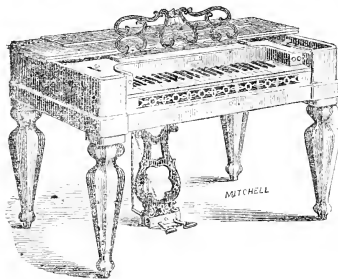

THE CABINET ORGAN, THE AUTOMATIC AND SCHOOL ORGAN

Are becoming very popular, and are almost indispensable
IN SABBATH SCHOOLS, LECTURE ROOMS, ACADEMIES, AND SMALL CHURCHES.

We keep a variety from the best makers, and sell them at manufacturers prices.

☞ A liberal discount to Sabbath Schools, Churches, Clergymen and Teachers.

MELODEONS.

THE MELODEON MAY BE TERMED A PIONEER INSTRUMENT.

Probably no other instrument in this country, has had so rapid and extensive a sale in the same length of time. One manufactory alone, in Buffalo, N. Y., has

Made and Sold upwards of 40,000

WITHIN THE LAST SEVENTEEN YEARS.

THE INSTRUMENT IS SO CHEAP THAT EVERYBODY CAN BUY IT,

And so easily understood that any one can learn to play it who has the least musical capacity.

HUNDREDS WHO NOW PLAY THE PIANO, TOOK THEIR FIRST LESSONS ON THE MELODEON.

FOR THE CULTIVATION OF THE VOICE, AND TO AID IN SINGING,

IT IS INVALUABLE.

NO FAMILY SHOULD BE WITHOUT ONE,

THAT HAS NOT A PIANO.

PURDY'S

ACTUAL BUSINESS COLLEGE,

Ætna Building, N. Pennsylvania Street,
INDIANAPOLIS, IND.,

For the Education of Ladies and Gentlemen in all that per-
tains to Actual Business Life.

The object of this Institution is to qualify Young Men in a thorough and practical manner for the Counting Room, and Business Pursuits in general.

THE COURSE OF INSTRUCTION

Now introduced in this College is destined to outrival all other methods of teaching now in use, and is founded upon the motto, "Teach young men at school what they will be required to perform when engaged in the active pursuits of life."

This Institution has arrangements and facilities for giving young men such an education.

Purdy's New System of Theoretical Book-Keeping,

Acknowledged to be the best ever published in this country or Europe, and secured to him by copy-right, fits the Student for the Actual Business Department in an almost incredible short space of time. In the

ACTUAL BUSINESS DEPARTMENT

Is represented in practice, Wholesale, Retail, Individual, Partnership, Compound Company Partnership, Jobbing, Forwarding and Commission, Shipping, Manufacturing, Railroad, Steaming, Banking, &c. The "College Bank" is a Bank of Issue, and has a capital of one million dollars, and in it the Student is taught the actual duties of First Teller, Second Teller, Note Teller, Discount Clerk, Book-Keeper, Cashier, and President, as though he was in the actual business world. The currency of the Bank affords cash capital for the students of the College; Merchandise and other kinds of property being represented by scrip.

PENMANSHIP

Is Taught by the Best Penman in the World.

LECTURES

Will be given upon all subjects pertaining to Business.

PHONOGRAPHY AND TELEGRAPHING

Will be taught in a thorough manner, by competent Teachers, to those who desire it, at extra charge.

TIME OF ENTRANCE.—As there is no class systems, students may enter at any time, and complete the entire course in from six to twelve weeks, as each student is taught separately, which much facilitates his progress.

For further information call at the College rooms, or address (with stamp enclosed) the Principal,

WILLIAM PURDY.

INDIANAPOLIS DANCING ACADEMY,

ATHLETIC SMITH,

J. E. HEYWOOD,

PROPRIETORS.

Prof. J. E. HEYWOOD,

Having been engaged for several years in teaching the Terpsichorean Art in the Eastern Cities, and a pupil of Monsieur Parpanti, would respectfully inform the citizens of Indianapolis, that the Academy is now completed and open for the reception of pupils,

At their Academy, (Opera House Entrance,) on S. Meridian St.

THE ATTENDANCE OF THE PUBLIC IS RESPECTFULLY SOLICITED.

Classes will be arranged so as not to interrupt those attending Day Schools. Parents wishing to send their children need not hesitate on that account.

The Latest and most Fashionable Dances of the day will be taught at this Academy.

LENGTH OF TERM--15 LESSONS.

TUITION:

Afternoon and Ladies' Classes, \$8.00 per Scholar. Evening Classes, \$10.00 per Scholar.

MR. HEYWOOD will give private lessons to any number who may desire, on application at the Academy.

Married Couples desirous of forming a Class, can be accommodated on application at the Academy, if a sufficient number can be guaranteed.

N. B.—This Hall can be engaged for Fashionable Club and Private Parties, if desired, on evenings not occupied, on the most reasonable terms. Also, Music for Balls and Parties of a respectable character; others need not apply.

The best Prompters in the City connected with this Band.

UNION CORNET BAND,

ATHLETIC SMITH, Leader,

Will furnish music upon the most reasonable terms, on application by mail or otherwise.

**HERALD COMPANY, Indianapolis, Ind.**

The Indianapolis Daily Herald is sent by all the early morning Express Trains, and delivered to subscribers in adjacent towns about the same time it is delivered in the city of its publication. This enables readers at a distance from the Capital of Indiana to get the news of the day from six to twelve hours before they can receive it through papers published elsewhere. The paper can be had of news dealers and carriers at any of the railroad towns on the roads centering at Indianapolis.

## THE PUBLIC FREE SCHOOLS.

The City Schools are under the general management of a Board of Three Trustees, elected by the Common Council, viz: Thomas B. Elliott, W. H. L. Noble and Clemens Vonnegut.

Mr. Elliott is President, and Mr. Noble is Treasurer, of the Board.

A. C. Shortridge is Superintendent of the Public Schools, and Secretary of the Board.

The Office of the Board of Education, and of the Superintendent, is in Vinton's Block, third story front, opposite the Post Office.

The following gentlemen constitute

### THE BOARD OF VISITORS.

They are appointed by the Board of Trustees, and have special supervision over the educational interests of the schools in the several wards during the term, and at the semi-annual and annual examinations.

First Ward—Rev. L. G. Hay, W. W. Leathers.

Second Ward—Rev. Isaac W. Montfort, Hon. John I. Morrison.

Third Ward—Rev. Elijah T. Fletcher, D. V. Culley.

Fourth Ward—Rev. James Hill, J. B. MacArthur.

Fifth Ward—Simon Yandes, Rev. L. H. Jameson.

Sixth Ward—Austin H. Brown, Rev. Charles H. Marshall.

Seventh Ward—Granville Ballard, Col. Samuel Merrill.

Eighth Ward—Rev. N. A. Hyde, W. H. Loomis.

Ninth Ward—Rev. H. A. Edson, J. H. Kappes.

There are ten School Buildings, and forty-five teachers.

Over twenty-five hundred children enjoy the privileges of the Schools, being eight hundred more than were in attendance at the beginning of the previous school year.

Education is free to all between the ages of six and twenty-one years.

The schools are all graded in accordance with the most approved system of Common Schools, and in the progress and advancement of pupils, will bear favorable comparison with the best in the country.

In all, except the High School, the instructors are young ladies, educated to the profession of teaching. This is an anomaly peculiar to Indianapolis. In all other large towns, so far as we

have observed, the Principals of the Grammar and intermediate Schools are men. The success of these young women in the management of our schools has been so decided as to leave no wish to return to the old system. Their employment in all grades has ceased to be an experiment.

The Schools are divided into three departments: Primary, Intermediate and High School, with four grades in each department.

The Board of Trustees have nearly completed two new school edifices, one in the Fourth Ward, corner of Michigan and Blackford streets, and the other in the Ninth Ward, corner of Vermont and Davidson streets.

They were planned and superintended by Joseph Curzon, Esq., architect, of this city, and in architectural design, harmony of proportion and fitness for their purposes, are unexcelled by any school buildings in the country. In interior design and appointments they are moulded after the later Boston Primary school houses, and include all the modern improvements in heating, ventilation and furnishing.

These buildings were erected at a cost of \$60,000, and will accommodate over one thousand pupils.

It is contemplated, as soon as possible, to build a central High School building, on the site of the present Second Ward building; also a large school house in the southern part of the city.

Every effort is made by the school officers to give efficiency and success to the schools, and our citizens have reason to look with pride on our superior graded system as one of the most important elements of our present and future prosperity.

### Grand Army of the Republic.

The Grand Army of the Republic is an organization of true and tried honorably discharged soldiers, to aid with its charity the maimed and helpless soldier and the dependent families of the fallen; to secure employment for those returned soldiers who have vainly sought for it themselves, and whose very tattered uniforms seem an evidence of demerit in the eyes of many who never dared to clothe themselves with it and its dangerous responsibilities. Whatever secrecy there is about this organization is only such as surrounds the most benign and powerful civil orders of the day as a necessity for their protection and strength, and to better secure their charitable objects.

**ORDNANCE DEPARTMENT.**

The Ordnance Department consists of sixty officers and 1,500 enlisted men. The officers are stationed at the different Arsenals, and the enlisted men assigned to duty in detachments proportionate to the size of the Arsenal, and the amount of work there is to be done. At the Indianapolis Arsenal there is one commanding officer, and twenty-five enlisted men, and one Military Store Keeper. The grounds consist of about seventy-five acres, and are situated one and a half miles east of the city. There is already complet-

ed a Main Store House, one set of Officers' Quarters, one Magazine for storing Powder, and one Office. A building for storing Artillery is in process of erection, and will be completed next season. It is expected that other buildings for manufacturing and storing Ammunition and for other purposes will be put up from year to year, as fast as it is possible to do so. There are constantly employed upon the grounds about 250 men—mechanics and laborers. All the material is worked, and the bricks used in the buildings manufactured upon the grounds.
